

LATEST NEWS

May 2014	AIA National Convention		<p>The 2014 AIA National Convention and Design Exposition will be held in June at Chicago's McCormick Place. The majestic convention center, on the scenic shores of Lake Michigan, will be the site of the year's largest, most comprehensive gathering of architectural professionals. Visit booth 3840 if you are looking for fresh new ideas and stylish designs in metal architecture. The natural beauty of Lorin's anodized aluminum finishes brings newly constructed and renovated buildings to life, while providing a durable surface that will not chip, flake, or peel</p>
Nov 2013	AIA Continuing Education		<p>Lorin is pleased to announce a new AIA Continuing Education Course that earns HSW credit, Aluminum Coil Anodizing for Architectural Design. In this one hour course, design professionals will learn about the coil anodizing process, the unique properties of the aluminum oxide layer, and how this finished aluminum can be applied to a variety of architectural applications. This course earns 1 LU/HSW. For a copy of the course outline, and scheduling a training session, please contact our professional sales staff at info@lorin.com.</p> <p>We are also authorized by AIA to conduct training sessions worldwide.</p>
Sep 2013	China Trade Mission		<p>Lorin delegates joined the Honorable Michigan Governor, Rick Snyder, for a Trade Mission to China.</p> <p>LANSING, Michigan – Gov. Rick Snyder lead a 10-day investment mission to China on Tuesday, September 3, 2013. This will be Snyder's third mission to Asia where he focused on strengthening trade relationships and attracting job-creating business investments. "Michigan continues to build strong partnerships with China and Japan, creating trade and business opportunities," Snyder said. "Throughout this mission we worked to open more doors to new markets in China for businesses from across our state, while continuing to make the case that Michigan is the most strategic location in North America for Chinese and Japanese companies to expand." Also participating in the mission were Michigan Economic Development Corporation, President and CEO, Michael A. Finney, Vice President of Travel Michigan, George Zimmermann, and Michigan Department of Agriculture and Rural Development Director, Jamie Clover Adams.</p>
May 2013	New Product Launch		<p>Lorin launches AnoZinc™, a new product that simulates natural zinc without the handling and patina problems associated with actual zinc metal. AnoZinc™ I and AnoZinc™ II are produced using Alcoa Tectur-Al™ made through a proprietary process that Lorin helped develop over a multi-year period. If you are interested in learning more about AnoZinc™ using Alcoa Tectur-Al™, please contact our professional sales staff at info@lorin.com.</p>
Sep 2012	China Trade Mission		<p>Lorin delegates joined the Honorable Michigan Governor, Rick Snyder, for a Trade Mission to China in September.</p>
